

Dear Valued Customers,

Here at ACF Components and Fasteners we are committed to the health and well-being of our employee-owners, customers, sales network, and suppliers. We appreciate your patience as we continue to closely monitor updates and take actions to help mitigate the impact of the Covid-19 pandemic.

Our operations in Asia are operational and urgently ramping back to full production levels. Suppliers are also updating their pandemic supply-chain response plans to minimize any further business disruptions.

We've also implemented work from home where possible and revised work scheduling to best limit interpersonal contact to aid in limiting potential virus transmission.

The situation is rapidly changing and our goal is health and safety while providing a high level of performance and communication to our customers.

If you have questions or need any further information, please [Contact Us](#).
